

October 2008-EnviroTech Philippines 2008

**The 8th International Total Environment Management Technology: Air, Energy, Water, & Water Control System, Equipment & Services Exhibition** entitled **ENVIROTERCH PHILIPPINES 2008** was successfully held last **October 8—11, 2008** at **SMX Convention Center Philippines, Mall of Asia Complex, Pasay City**. This

The event has been a great opportunity for the company to formally launch the **VIROTEC TECHNOLOGY** as an alternative way to address the issues concerning waste water and solids/sludge treatment and disposal. Ecotech was also able to showcase all the other industrial waste treatment services for used oil, spent solvent, busted lamps, contaminated materials and acid/alkali wastes.

Current and prospective clients came to grace the affair and were accommodated by the staff and management of the company. The exhibit also served as an effective platform to meet new clients and explore new marketing horizons.
