

JM Ecotech Solutions, Co. Team Building

Last 25th of May of this year 2019, Employees of **JM Ecotech Solutions, Co.** were gathered on a Saturday morning at RJ Falcon Crest, a resort teambuilding venue at the heart of Norzagaray, Bulacan the 1st ever teambuilding of the company to experience fun and thrilling outdoor activities: Wall Climbing, Rappelling, Zipline, Rope Course, Obstacle Course and Puzzles was undoubtedly another good example of team building aimed at improving communication between employees.

Those who participated in the helium hula hoop enjoyed the session to the full as throughout the course of the competition every team member of the 3 groups battled as to who among them could lay the hula hoop on the floor as it is continuously rising upwards. Team work and coordination were tested in this game. Moreover, they were all impressed at how can that simple game bring fun to all of them. Likewise, those who tried Rappelling and Zipline were also overwhelmed due to the heights they have associated with. After all of these active and fun-filled activities they end their day by eating sumptuous meals served by falcon crest resort and dive on the swimming pool to release the heat and tiredness in them.

The Company believes that such initiatives were another way to facilitate bonding among team members, reduce stress and give them the chance to get to know each other in order to work towards sustainability for a better and safer environment.

Team and teamwork have become an essential and central part of the corporate world, and are vital in any working company to make the organization a better place to work. It goes a long way in cultivating professional relations, understanding, and collaboration, and undeniably this is replicated in the quality of work being done.
